Hey babe SO I thought I would finally write you and email a promise is a promise ;) and I will Ill also attach some photos for you in this email.

Honestly your phone calls make my day and you make me smile I am dying to see you now but the thing is that you get me smiling and my heart racing just with your words and that is rare these days. I feel like you have an old soul as the same as me and you might be right about the whole universe things, right place at the right time. We never know what is going to happen but know this I will always be honest with you, I know how big this must be for you to open up to a women after so long and I dont want to talk big and I want to see whatever happens. I can tell you have a heart of gold but I can also sense that you protect people that you care about. I want to you to feel comfortable with enough to ask me any question or say anything you want to me. , if you want to know about me here are some things (only top 5).. 1. I HATE SEAFOOD, I never eat it. 2. I am simply girl that loves simple things in life. So NO fancy Restaurants, 3. I believe in the supernatural stuff and read about it or watch things about it. 4. I have always wanted to go to Bali, Ibiza and England. 5. I have never gone to the country side but I always wanted to grown my kids in a place like that.

The 4th photo is the oldest one the other ones are new:) hopefully next email I will send you better pictures xo

Take care, speak to you really soon!

Dila xoxo

HEY Trouble is, I hope you and Fendi are good! Thankyou for your email you seemed like you were a little nervous. I literally could picture your voice reading out to me. It made me smile a lot. My writing is so bad with out lined paper! What the fuck, it doesn't help that I'm freezing cold and on a weird angle in bed. SO I just want to tell you how truly blessed I feel that you and I found each other. I cannot really explain just yet how I feel, but trust me when I say this is new, exciting and unique. You said once I make you feel special, you are special and you are just oh so pretty, I could look at your face all day, just as I could happily talk to you all day! Your raw, ~~un~~unfiltered honesty is refreshing and trust is real big for me! I got No patience for games, lies or bullshit... I think your starting to get a feel for my character and personality I agree we are both old souls, maybe thats why we are so comfortable and familiar with each other :) I know its cringe cliché, but I feel like we have known each other for ever! Allah works in mystical ways and Sûrat Ibrâhim says he makes all matters clear to those who believe and guides people out of darkness into light. I have been in the dark in jail for so long I know when I see light! And your shining to me, a beautiful soul that hates ~~seafood~~ seafood lol. You make me laugh! I will take you to the countryside, no fancy restraurants and I come from Irish gypsy druids so the Supernatural is my thing too :) Take care Dila,  
P.S. I promise I'll always treat you right! Kisses and Cuddles,  
Sam.
